2. The following was discussed and tentatively agreed upon:
 - a. The training should be held for a period of three days in the first week of May 2021.
 - b. Prof. Sangra suggested that we should align our discussions along the video on "The Future of the MBA" by The Founding Fuel, available on YouTube.
 - c. The Director proposed that we should structure the FDP along separate but related themes. Further, he suggested that while internal deliberations could take place during the pre-lunch period, we could gain a lot by inviting external experts to address the faculty on the same themes in the afternoons.
3. The Director asked the IQAC and FDP members to come up with a tentative plan with session-wise details.
