Teaching-Learning Process

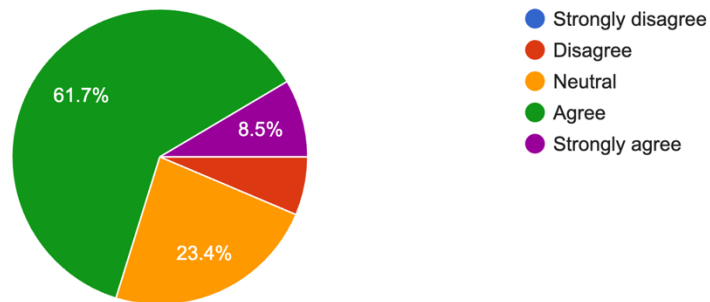

Courses in the programme normally are completed within the time allotted during the trimester

47 responses

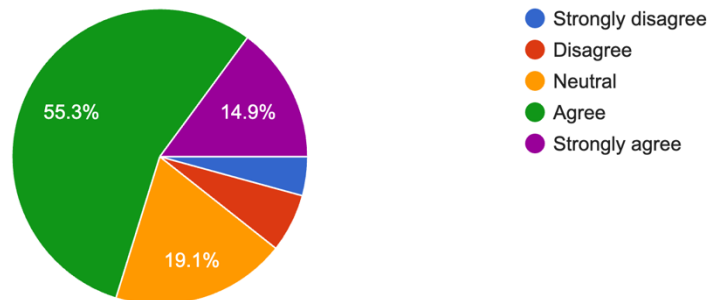

In general, I find my teachers to be accessible and approachable

47 responses

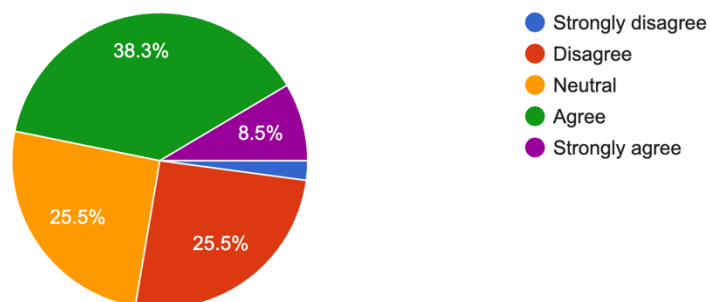

I get exposed to adequate experiential learning in my programme (e.g., case studies, projects, field visits, role plays, etc.)

47 responses

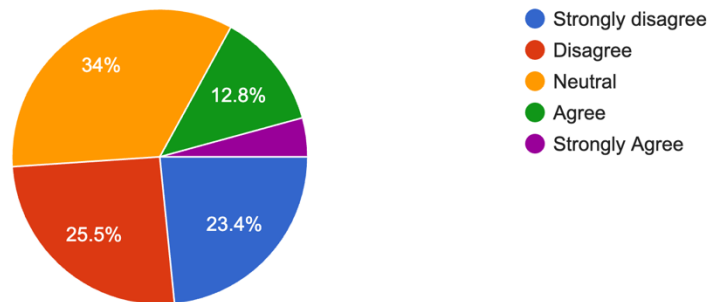

I believe that the evaluation components in a course (e.g., assignments, projects, tests, etc.) are adequate in number and support the course learning outcomes

47 responses

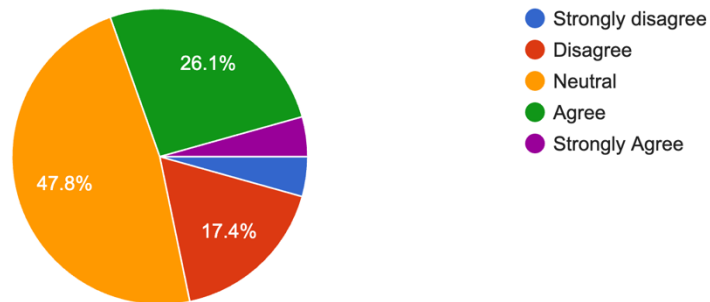

I believe that my teachers are fair and transparent in their evaluation

47 responses

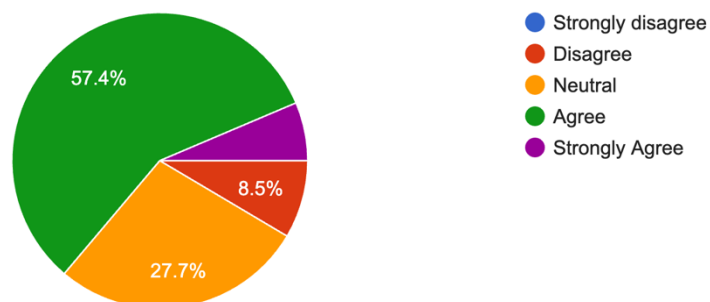

I believe that the courses I have undertaken so far in my programme are preparing me well for a successful professional career

46 responses

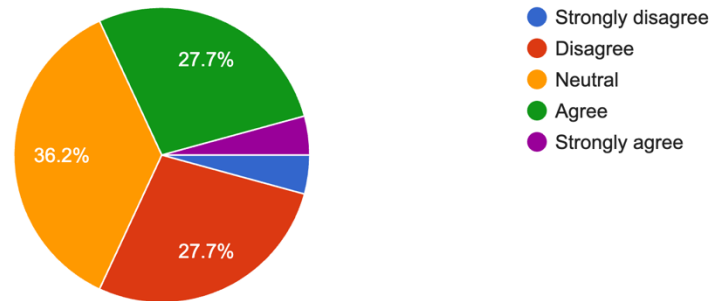

I am happy with the question paper format in the end term examinations and I believe that the questions fairly represent the course learning outcomes

47 responses

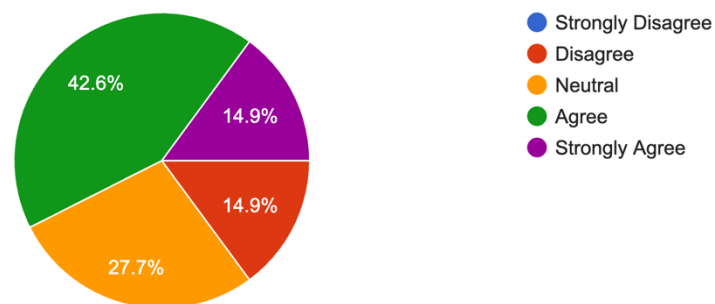

I am satisfied with the variety and relevance of Retail Management and related courses offered at Bimtech

47 responses

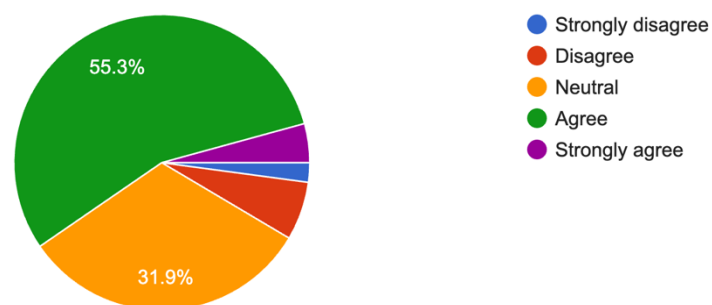

After going through the communications related courses, I am better able to communicate my thoughts and ideas to my audience, both in written and orally

47 responses

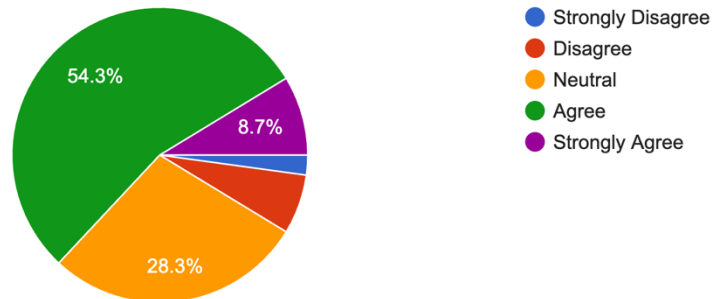

So far, courses in the Programme have helped me get better clarity about the global challenges faced by business managers and leaders in the Retail industry, than what I had before

47 responses

I believe that my experience in the Programme so far has strengthened my ability to identify, analyse and find solution to real world business problems related to the retail industry

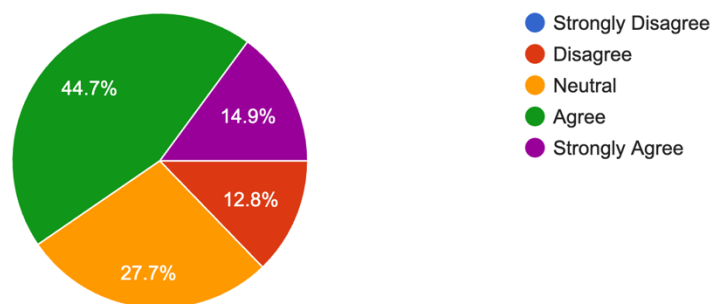

46 responses

Admissions

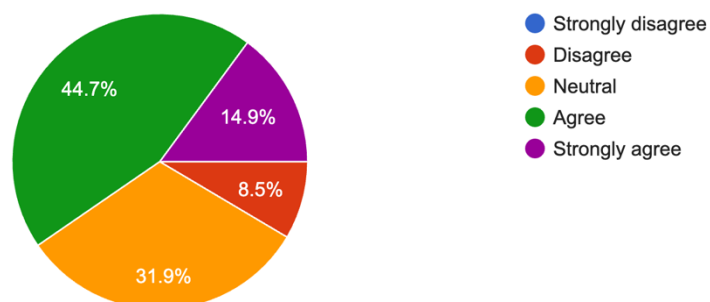

I believe that the admission process followed at Bimtech is fair and transparent

47 responses

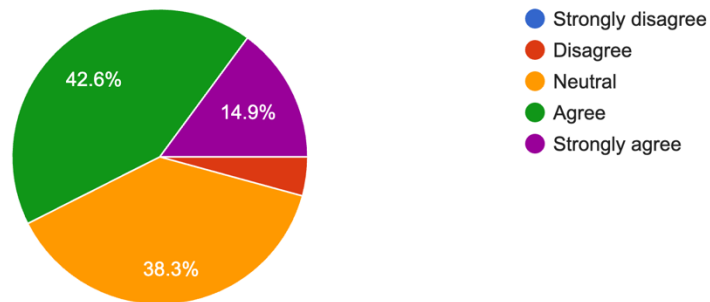

The admission process allowed me adequate opportunities to showcase my credentials, skills, talents, and personal traits

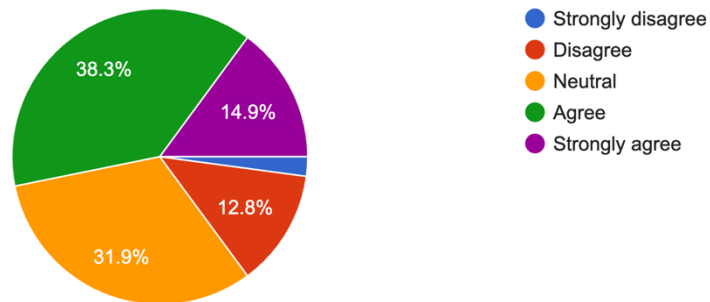

47 responses

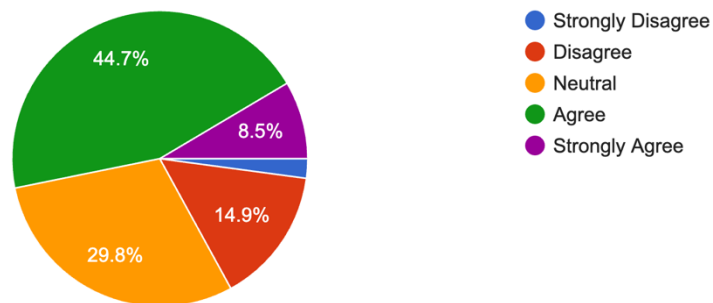

The admissions department was able to address my queries promptly and to my satisfaction
47 responses

There is adequate information available through various official channels about Bimtech and the programmes for a prospective student
47 responses

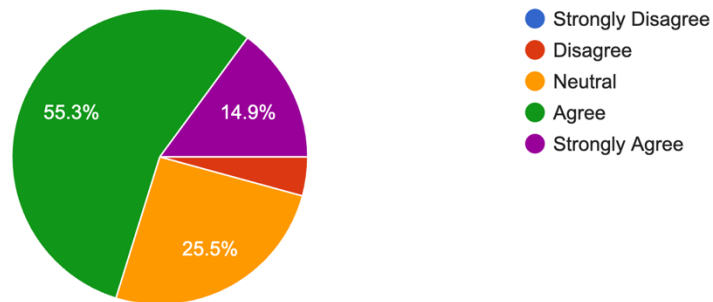

As a prospective student, I had trust on the information provided through various official Bimtech channels
47 responses

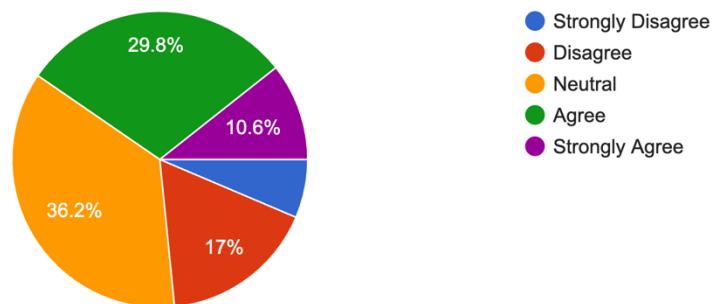

I was happy to have received an admission offer from Bimtech

47 responses

In general, I find my peers to be helpful and supportive in making my life on campus more fruitful

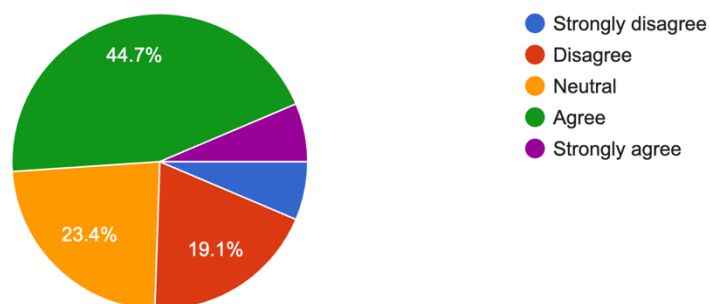

47 responses

Personality Development and Career Services

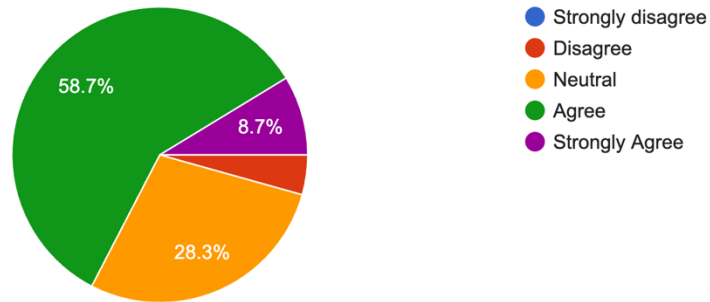

I believe that Bimtech provides adequate inputs and opportunities through various Business Communication, and other courses (e.g., LEAD) to ...eveloping my communication and leadership skills

47 responses

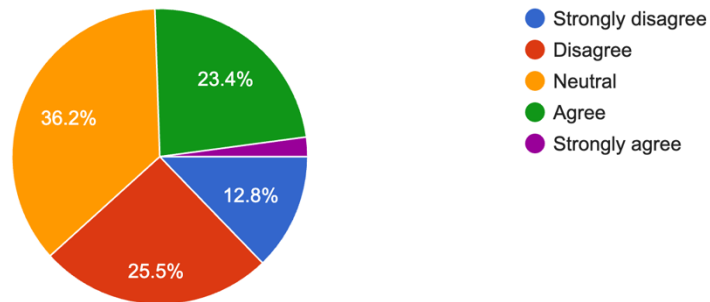

Bimtech provides opportunities for me to identify my strengths and areas of improvement
